PROFESSIONAL EXPERIENCE

DELOITTE, USI <i>Frontend Software Developer</i>	<i>Bengaluru, Karnataka</i> <i>2022-Present</i>
<ul style="list-style-type: none">Developed a cross-platform application using Angular with dependency injection and NGRX store to empower the client in strategically managing future waste management capacity and efforts. This application led to a 30% improvement in the client’s ability to forecast future needs.Used AG Grid to boost planning efficiency by 70% for operations team providing a fast and responsive UI.Optimized app performance and improved user experience through load cycle reduction and memory leak fixes by 30%.Scaling of the front-end UI to incorporate expanding from 17 planner sites to a robust network supporting 600 sites across 8 time zones, resulting in a 300% increase in user base, added lazy loading feature to adjust for the same.Integrated RESTful backend APIs & leveraged GraphQL & WebSocket subscriptions for real-time data push notifications.Took full ownership of the front-end upon team dissolution, delivering 24 successful high-quality releases ahead of schedule. This achievement also culminated in the granting of the ‘Project Warrior Award’.Effectively collaborated with UX/UI designers, integration teams from backend and DevOps to develop and deliver user stories and fix critical bugs.Acted as a technical liaison for the client, effectively communicating needs, proposing solutions, and implementing fixes to resolve issues and bugs.Awards –<ol style="list-style-type: none">Got fast-track in the promotional year with STRONG ratings (2024)Deloitte Yearly Spot Award (2024)Project Warrior Award (2023)	
TESTAING/AIENSURED <i>Frontend Testing (Internship)</i>	<i>Bengaluru, Karnataka</i> <i>May, 2021-July,2021</i>
<ul style="list-style-type: none">Prepared documentation for around 10 test cases and bugs report for the UI of many websites including the Company’s own official website.	

EDUCATION

NATIONAL INSTITUTE OF TECHNOLOGY <i>Bachelor of Technology – 8.5 CGPA</i>	Jalandhar, Punjab 2018-2022
ST. MARY’S CONVENT SCHOOL <i>Senior Secondary – 92%</i>	Ajmer, Rajasthan 2016-2018

PROJECTS

BUDGET PLANNER - GITHUB LINK
<ul style="list-style-type: none">Crafted a user-friendly interface with a secure login page and a dashboard featuring 4 sections designed to monitor expenses, seamlessly add monthly transactions, and compute savings. Employed Angular Material, reactive forms, and routing for seamless user experience and intuitive navigation.Facilitated personal finance management by enabling users to input their income details and plan their monthly expenditures.
CRUD APPLICATION - GitHUB LINK
<ul style="list-style-type: none">Orchestrated the creation of a table showcasing employee records, featuring essential details. empowering users with extensive CRUD capabilities, enabling effortless record management including reading, adding, updating, and deleting records. Also, implemented a filtering mechanism to streamline data retrieval.Seamlessly integrated the frontend with the backend system (JSON Server). Utilized Angular Material, services, routing, reactive forms, and RxJS observables, ensuring a seamless and intuitive user experience.
MY PORTFOLIO - GITHUB LINK - SEE LIVE
<ul style="list-style-type: none">Why settle for a traditional one-page resume when you can explore an engaging 3D portfolio? Utilizing the advanced capabilities of React and Three.js, I've created a visually stunning and interactive digital portfolio where you can know about me, my professional experience, work, and skills.
